

MY NAME IS _____ I AM _____ YEARS OLD

Hi parents and little artists! Meet the four Polvita Pals — the friendly characters who keep your home naturally clean. Pick your favourite (or do all four!) and bring them to life with crayons, markers, or paint. There are no rules.

- ✿ Use any colours you like — green grass, purple skies, rainbow Pals, anything goes
- ✿ Add a friend, a pet, or a sun in the background
- ✿ Or invent your very own Pal in the freestyle box at the bottom

Bacci

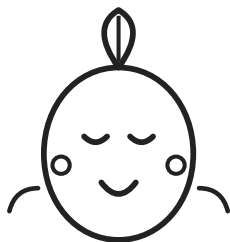

THE LEADER

A friendly probiotic. Try warm colours — yellows, oranges.

Sprout

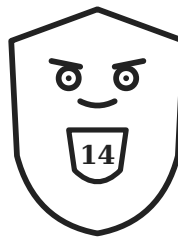

THE NATURALIST

100% natural. Try greens, leafy colours, plant-friends.

Shield

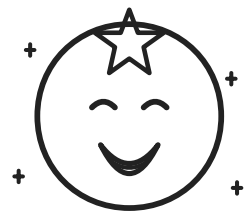

THE PROTECTOR

14-day protector. Try strong colours — pink, red, blue.

Sparkle

THE JOY

The fresh-clean joy. Try blues, sparkly metallics, rainbows.

Or invent your own Polvita Pal!

What would they look like? What special power would they have?

When done: Take a clear phone photo of the finished drawing in good light, then submit at the link on the right. Open to all Singapore residents. The first 100 entries receive a custom Polvita sticker featuring their drawing — mailed free anywhere in Singapore. Contest closes 30 June 2026 or upon reaching 100 personalised stickers, whichever is earlier.

Submit your drawing at
